

Anna Scott

Anna Scott uniquely incorporates glitz and power into country music. She grew up with a hard work ethic in her hometown of Cleveland Ohio, where she fell in love with music of many genres, and played any venue that would let her sing. She blends elements of rock and blues and is comparable to Kassi Ashton, Jo Dee Messina and Ashley McBryde. She has been able to perform alongside the likes of Russell Dickerson and Carrie Underwood as a background vocalist. As a recent alumnus of Belmont University, Anna continues to release music and play multiple shows to hone in her craft and blossom into the artist she is today.
